WELCOME FROM IJRU

Welcome to the Journey Toward the 2027 IJRU World Jump Rope Championships.

Welcome, everyone, and thank you for joining us as we begin the journey toward the 2027 IJRU World Jump Rope Championships in Norway.

Our World Championships represent far more than a competition. They are a celebration of our global community. A gathering of athletes, coaches, officials, volunteers, families, and supporters united by a shared passion for the sport of jump rope. Together, we showcase not only athletic excellence, but also the friendships, cultures, and experiences that make our sport truly unique.

As we look ahead to 2027, we do so during an exciting period of growth for jump rope around the world. New athletes are discovering our sport every day, new nations are joining our movement, and new opportunities are emerging to elevate jump rope on the global stage. The 2027 World Championships will be an opportunity to celebrate that progress while creating unforgettable experiences for everyone involved.

This presentation is intended to provide important information, timelines, and updates to help all participants prepare for the event. We encourage you to stay engaged, ask questions, and work collaboratively as we move forward together.

We are excited to share this journey with you and look forward to welcoming the world to Norway in 2027.

Sincerely,

Shaun Hamilton
President, IJRU

WELCOME FROM IJRU

Dear Athletes, Coaches, Officials, Families, and Supporters,

On behalf of the Championship Committee and the International Jump Rope Union, I am delighted to welcome you to the beginning of the journey toward the 2027 IJRU World Jump Rope Championships, to be held in Oslofjord, Norway.

This championship journey is about far more than a single moment in time; it is a shared process that unfolds over many months. While athletes may ultimately take the floor, every step along the way is shaped by the dedication, care, and expertise of coaches, the professionalism and leadership of officials, and the unwavering support of families and teams. Each of you plays a vital role in making the World Championships possible, and we are grateful to walk this path with you.

As we move through the next 12 months of planning and preparation, our aim is to create an experience that feels collaborative, clear, and supportive for everyone involved. We are committed to partnering closely with our National Governing Bodies and their teams, providing the information, structure, and support needed to make this journey as smooth and positive as possible, for you and for the athletes you guide.

Hosting the 2027 World Championships at the Oslofjord Convention Centre will allow us to envision a truly connected global gathering. By bringing our community together in one shared location, we hope to create a welcoming, village-style environment where athletes, coaches, officials, and supporters can stay, connect, exchange knowledge, celebrate cultures, and build relationships that extend well beyond the competition floor.

To our athletes: this is the beginning of an exciting chapter, one that will challenge you, grow you, and create memories that last a lifetime. To our coaches and officials, thank you for the countless hours, thoughtful preparation, and leadership you bring to every stage of this process. Your work ensures excellence, fairness, and confidence throughout the championship experience. To families and supporters, your encouragement and belief are essential to every step of this journey. Organisers and NGB leaders we thank you for the hours of preparation and dedication you will input in the lead up to this incredible event.

Over the coming months, we look forward to working alongside you as plans take shape and the World Championships draw closer. Together, let us build a championship defined not only by performance and results, but by partnership, respect, and a shared love of our sport.

Kirralee Larkin
Chair, IJRU Championship Organising Committee

ABOUT IJRU

The International Jump Rope Union (IJRU) was developed through a merge between the Fédération Internationale de Saut à la Corde - International Rope Skipping Federation (FISAC-IRSF) and the World Jump Rope Federation (WJRF).

We are thrilled to bring together athletes from across the globe in Oslofjord, Norway for the 2027 World Championships, where skill, passion, and sportsmanship will shine. The event will not only be a celebration of the sport but also an opportunity for athletes to push their limits, form lasting memories, and inspire one another. We would like to witness all the athletes, give their very best, embrace the spirit of competition, and enjoy the opportunity to create the memories with new friends from all over the world.

WELCOME TO SANDEFJORD & OSLOFJORD

Welcome to Sandefjord, Norway, and to Oslofjord Convention Center.

We are proud to welcome athletes, coaches, officials and supporters from around the world to the IJRU World Championships 2027.

The championships will bring the global jump rope community together in Sandefjord, and we are honoured to serve as both host city and host venue for this international event.

For many people in Norway, the championships will also be an opportunity to discover the skill, athleticism and dedication that define the sport and its athletes.

On behalf of the people of Sandefjord and everyone at Oslofjord Convention Center, we wish you a warm welcome. We hope you enjoy your stay, make new friendships and create lasting memories during your time with us.

Sincerely,

Bjørn Ole Gleditsch
Mayor of Sandefjord

Camilla Hållbro
CEO, Oslofjord Convention Center

ABOUT OSLOFJORD

Oslofjord Convention Center is a waterfront venue in southern Norway, combining accommodation, restaurants, meeting facilities and social spaces in one destination. Surrounded by the Oslofjord, beaches and Scandinavian nature, the venue hosts everything from international congresses and sporting events to festivals and celebrations. Everything is within walking distance, making it easy for guests to stay, meet, dine and socialise without transportation between venues.

- Conference and event facilities for up to 12 000 people and multiple meeting rooms.
- Large, flexible event spaces with dedicated catering facilities throughout the venue.
- A wide range of accommodation, from Nordic-inspired apartments to premium hotel rooms.
- Designed by renowned Norwegian architect Niels Torp.
- Two restaurants and three bars, with capacity for up to 25 different dining concepts during major events.
- At least 95% of the venue's energy comes from renewable sources, including wood chips and bio-oil.
- A new conference center, opened in 2022.

For more tips and information, check out www.oslofjord.com

TRAVELING TO OSLOFJORD

Oslofjord Convention Center is located in Vestfold, a coastal region in southern Norway with excellent transport connections. Easily accessible by air, train, and car, the venue is just a 15-minute drive from Torp Sandefjord Airport and approximately 90 minutes from Oslo Airport.

BY PLANE

TORP SANDEFJORD AIRPORT - Located just a 15-minute drive from Oslofjord, Torp Sandefjord Airport offers direct flights to several domestic and international destinations, including Bergen, Copenhagen, and Amsterdam.

OSLO AIRPORT (OSL) - Norway's main international airport, offering direct connections to destinations across Europe and beyond. Oslofjord is approximately a 90-minute drive from the airport.

BY TRAIN

VY (FORMERLY NSB) - Stokke Station is the nearest railway station, just a 10-minute drive from Oslofjord. Frequent train services connect Stokke with Oslo, Torp Sandefjord Airport, and Oslo Airport.

BY CAR

MORE THAN 1,500 PARKING SPACES - Take the E18 to Stokke, exit onto Route 303 and follow the signs to Oslofjord Convention Center. The venue offers more than 1,500 parking spaces, most of them located indoors, allowing guests to walk.

ELECTRIC VEHICLE CHARGING - 85 charging points (up to 7.4 kW) are available in the parking basement between Oslofjord Hotel and Oslofjord Arena. An additional 25 fast-charging points (up to 22 kW) are located on level U1 beneath Oslofjord Arena. All charging points are equipped with Type 2 connectors.

COMPETITION INFORMATION

WORLD CHAMPIONSHIPS (WC)

The WC consists of elite athletes 16 years or older (with exceptions for team events) who have demonstrated the highest level of skill within the sport of jump rope. Competitors passed the qualifying rounds of each country or have been selected by their National Governing Body (NGB) to compete. The WC has a two round structure: athletes compete in the preliminary round to determine the all-around and for a spot in the final round. The winner(s) of the final round will be crowned the World Champion(s).

JUNIOR WORLD CHAMPIONSHIPS (JWC)

The JWC is a one-round competition that runs alongside the WC. Competitors in the JWC are between the ages of 12 and 15 years. Competitors are junior athletes who have demonstrated the highest level of skill and achievement within the sport of jump rope in their age category. Like the WC, competitors competing in the JWC must have passed qualifying rounds of each country or be selected by their NGB to compete.

COMPETITION INFORMATION

DOUBLE DUTCH CONTEST WORLD (DDCW)

An exciting fast-paced and creative jump rope event where teams compete speed and showcase creativity, precision, and teamwork. Some of the fastest jump rope athletes in the world will go head-to-head in spectacular speed events, while others will impress with dynamic freestyle routines featuring innovativeskills, rhythm, coordination, and outstanding performance quality. DDC is a crowd-favorite discipline that combines world-class athletic excellence with creativity, excitement, and true team spirit.

NORWAY OPEN

The Norway Open is a one-round competition that runs before the WC. While the WC features the top athletes, the Norway Open provides a platform for athletes aged 12 years and above to showcase their skills and prepare themselves for future elite competitions. It is an essential stepping stone for the next generation of top athletes. The qualification process varies by country due to limited entries per event.

INTERNATIONAL SCHOOL SPORT FEDERATION (ISF) COMPETITION

In partnership with IJRU, the ISF will host its first international jump rope competition alongside the 2027 IJRU World Championships in Oslofjord. This separate event is designed specifically for schoolaged students (12–18 years). The hybrid competition combines virtual entry with in-person competition, providing an exciting international jump rope experience. ISF is a global organisation that promotes education through sport, encouraging youth development, inclusion, and international friendship. This is an exciting development for our school based programs and competitions.

REGISTRATION OPENS

The official registration system opens. NGBs can begin entering participant details into the registration.

DECEMBER 2026 – JANUARY 2027

JUDGES NOMINATION PERIOD

NGBs may nominate qualified judges for consideration. All nominations must be submitted within the specified nomination period.

MID-FEBRUARY 2027

JUDGES APPOINTED & JUDGES REGISTRATION CLOSES

The appointed judges will be confirmed and notified.Registration for judges closes at this time, and no further judge registrations will be accepted.

MID-MARCH 2027

FINAL REGISTRATION DEADLINE

All registrations must be completed and submitted by the NGB.

PACKAGES

ACCOMMODATION AND PACKAGES

Accommodation and meals at Oslofjord Convention Center are included in the participant package price. More detailed information about accommodation options and package prices will be provided in the upcoming Event Brochure.

To create a special event atmosphere and bring everyone together, all athletes, coaches, officials, and delegation members are required to stay at the official event accommodation at Oslofjord Convention Center. By staying in one place, we want to create an Olympic Village feeling with friendship, cultural exchange, team spirit, and a memorable experience for all participants.

Accommodation can also be booked by parents, family members, and spectators who wish to stay at Oslofjord Convention Center during the event.

ABOUT THE LOGOS

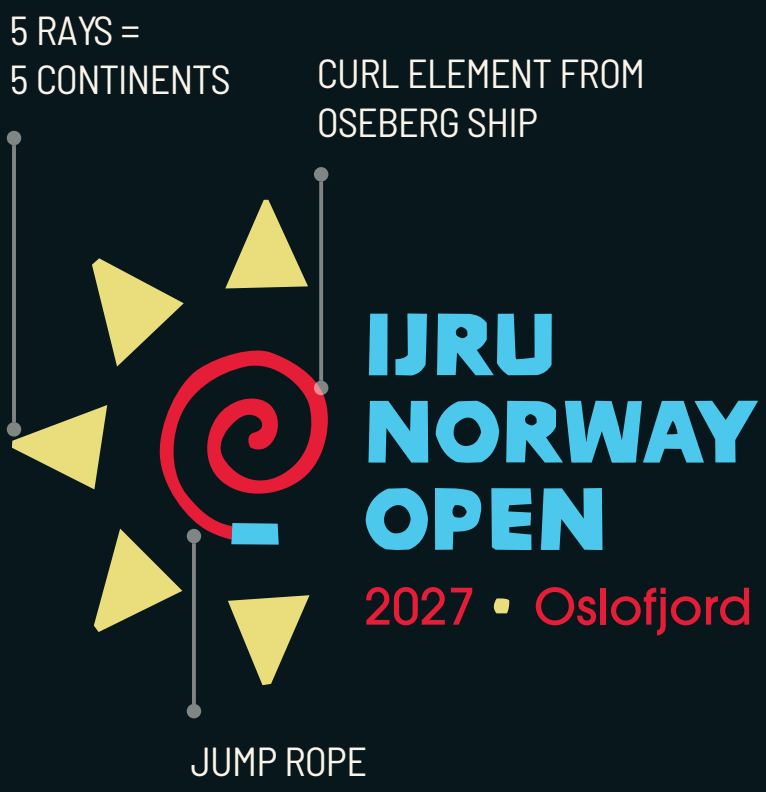

The 2027 IJRU World Championships, Junior World Championships, and Norway Open logos and all associated branding are the intellectual property of the International Jump Rope Union (IJRU). The logo may not be reproduced, modified, or used without prior written permission from IJRU. To request permission, please contact wc2027@ijru.sport.

The 2027 Championship logo was inspired by the Viking history of Norway and the Oslofjord location of our event. The maroon, gold, and neon blue colors reference the Norwegian flag while creating a unique identity for the Championships. The lines forming the Viking head were inspired by the layout of the Oslofjord Convention Center campus, and the swirl on the helmet references the Oseberg ships from Tønsberg. The three diamonds represent the three IJRU World Championships held to date: Virtual 2021, USA 2023, and Japan 2025. The Junior Championship logo uses the same Viking helmet to connect the two event brands, while the Nordic-inspired font reflects both Viking symbolism and modern design.

ABOUT THE LOGOS

The 2027 Norway Open logo was inspired by the long summer days in Norway. The summer sun brings happiness and warmth to our event. The five rays of the sun follow the five rings of the Olympics, showing our global reach of the event across five continents.

The swirl of the sun hints to the curly end designs of the Oseberg ship in Tønsberg, and provides the subtlest of connections to the WC logo elements. The strong blue, yellow, and red colors were chosen for their water, sky, and sun elements of summer and the national colors of Norway.

The simplicity and clarity of this logo design is meant to follow closely with the goals of the IJRU Norway Open: to create a collaborative and community environment, while providing an opportunity for jumpers to further develop in a fun, international competition.

EVENT PARTNERS

ELEVATING THE GAME: IJRU X 361°

Get ready to witness the global evolution of jump rope! The International Jump Rope Union (IJRU) and premier sportswear brand 361° have joined forces in a game-changing alliance designed to propel competitive jump rope onto the world's biggest athletic stages.

Stepping up as the exclusive title sponsor for the 2027 World Jump Rope Championships in Norway, 361° is bringing elite pedigree directly to the podium. As the first Chinese sports brand to sponsor the Olympic Games (Rio 2016) and an official partner for five consecutive Asian Games—including Aichi-Nagoya 2026—they aren't just outfitting the sport's finest competitors; they are helping jump rope make its definitive leap into the global spotlight.
