WC AND JWC ADDENDUM:

1. The JWC and WC preliminary round will allow for 3 entries per event, per gender for all freestyle events, and 5 entries per event per gender for speed events.

2. For the events defined, please refer to the Competition Rule Book, “The Competitions.”

3. For JWC and WC preliminary round, 2 freestyle fields will be run concurrently; music will be played for each field at the same time. No re-jumps will be given for athletes who misinterpret soundtracks.

4. JWC and WC will award Individual Overall (single rope) and Team Overall (cross discipline). Please note that the WC Overall Awards will be based on preliminary round results.

5. JWC and WC preliminary round will be competed in both Oslofjord Arena and Convention Center South. DDCW, Show Competition, and Finals will be competed in Convention Center South.

DDCW ADDENDUM:

1. For Junior and Senior DDC Speed, each NGB can submit five (5) team entries.

2. For Junior and Senior DDC Freestyle, each NGB can submit three (3) team entries. If an NGB hosts DDC qualification events, they may enter up to five (5) teams.

3. For Senior DDC Speed, a total of ten (10) teams will qualify for the Finals.

4. For Senior DDC Freestyle, a total of ten (10) teams will qualify for the Finals. However, only three (3) teams from each NGB can advance to the Finals Battle.

5. Senior DDC Finals Battle is between the top four (4) Senior teams after the above-mentioned secondary qualifying round.

6. Medals for Senior DDC Freestyle will be awarded based on the battle results.

INTERNATIONAL SCHOOL SPORT FEDERATION (ISF) COMPETITION

ISF COMPETITION:

In an exciting new initiative, the International School Sport Federation (ISF) has partnered with the IJRU to stage its inaugural international jump rope competition. Exclusively for school-aged athletes (11–18 years), this new event provides a thrilling international experience for schools and up-and-coming competitors. The ISF is a global leader in education through sport, championing youth development, inclusion, and cross-cultural friendship. This is a significant and welcome development for our school-based programs and competitions. A full and detailed version of the ISF Competition event-specific regulations will be released at a later date.

Events:

Single Rope (SR)

- 30s Two Feet Basic Jump
- 30s Speed Steps
- 30s Criss Cross
- 30s Double Unders

Double Dutch (DD)

GENERAL GUIDELINES

AGE DEFINITIONS

Age is determined as of December 31, 2027.

COMBINING ENTRIES

We will implement combining for the 2027 WC Series and 2027 Norway Open as defined in the rulebook.

FOR THE 2027 WC SERIES (WORLD CHAMPIONSHIPS & JUNIOR WORLD CHAMPIONSHIPS):

1. If the minimum quota of 4 teams from at least 2 sport nationalities is not met for a particular event, then combining will be implemented in accordance to the rulebook.

FOR THE NORWAY OPEN:

1. We will first combine age division (12-15, 16-18 and 19+) and after that gender, if entry numbers are below 4 entries from 2 or more sport nationalities.
2. For the 30+ teams division, events will initially be run in an any-gender category. Following the close of registrations, if there are at least four entries from two sport nationalities in a single-gender category, and at least four additional entries from two sport nationalities, the events will be re-evaluated and be split to include both a single-gender category and/or a combined category.
3. NGBs will be notified of any further decisions after registrations close.

GENERAL GUIDELINES

SPORT NATIONALITY

1. The Norway Open, JWC and WC will follow the rulebook regarding sports nationalities. All athletes in a team must have the same sport nationality.
2. IJRU has a 'Neutral Athlete' membership category to provide a way for any athlete to compete who is not represented by an existing National Governing Body (NGB), or any athletes that may wish to compete under an 'International Flag' as determined by International Olympic Committee (IOC) decisions. Note that if there is an existing NGB for the nation of the requestor, this membership category is unavailable.

PRACTICE AREAS

Practice areas will be available in each of the venues depending on where the competition is being held. Additionally, athletes will have the opportunity to feel the competition floor during their team's scheduled music check. Opening times including location will be shared at a later date.

AWARD CEREMONIES

Award ceremonies will take place throughout the competition, with different procedures for WC, JWC, ISF, and Norway Open. More details will be shared at a later date.

VIDEO REPLAY

Video replay will be used for this event in accordance to the rulebook. For the finals, video replay will be used for counting all speed.

GENERAL GUIDELINES

SHOW COMPETITION (SC)

Please refer to the published rulebook for updated Show Competition Rules: rules.ijru.sport

APPEALS

Appeals will be submitted virtually, so physical tokens will not be used. Each NGB will receive 3 opportunities (tokens) for appeals for each tournament (Norway Open, JWC, WC). If an appeal is successful, the appeal opportunity (token) will be returned to the NGB.

BROKEN ROPES

1. In the case of a broken rope, the process of the IJRU Competition Rulebook will be followed.
2. A minimum of 10 minutes, from the time of rope break, will be given before athletes re-compete.
3. For speed events, athletes will re-compete the event in a re-jump station away from the main competition floor. This allows the tournament to continue to move along without delaying other athletes, events, and broadcasting.

GENERAL GUIDELINES

FINALS

For further details on finals please refer to the Competition Manual/ The Competitions/Senior Competition.

1. A communication channel will be used for notifications. This will be established and NGBs advised of the process closer to the competition.
2. All athletes that qualify for the finals are expected to attend a briefing session and walkthrough before finals.

INSURANCE

All participants, delegations, volunteers, attendees, and spectators are responsible for arranging their own health, medical, and travel insurance coverage for travel to, participation in, and travel from the 2027 World Jump Rope Championships, Norway Open, and ISF Competition. IJRU does not provide or assume responsibility for any such insurance coverage.

JUDGING

NGB JUDGE SUBMISSIONS:

1. Each NGB is required to provide trained judges for the 2027 Championships. See event brochure for the quantity and requirements of what an NGB must provide.
2. To ensure the highest quality of competition results, all judges must be Level 3 certified for the 2027 WC, JWC, ISF and Norway Open.
    a. Updated Curriculum: New judge courses reflecting the latest edition of the rulebook will be available. While not mandatory for existing Level 3 officials, they are highly recommended for preparation.
    b. The Testing Protocol: Following nomination, judges will be assigned certification tests.
        i. Pass Rate: A minimum score of 80% is required.
        ii. Attempts: Judges have two attempts to pass.
        iii. Remediation: If a judge fails twice, they must retake the specific online judge portal course for that discipline before attempting the test again.
3. Judges must be a minimum age of 15 years as of the date of the judge assignment.

(Continued on the next page)

GENERAL GUIDELINES

AI JUDGING:

1. AI (Artificial Intelligence) judging will be used for speed. Please refer to AI judging section in the Rulebook for additional information: rulebook.pages.dev/competition-manual/judges/#judge-classes

2. AI Judging and Speed Verification Policy: For the 2027 World Championships, IJRU will implement Artificial Intelligence (AI) judging as a core component of the speed officiating panel to enhance accuracy and objective scoring.

    a. Judge Panel Configuration - For all speed and multiples events, the judging panel will consist of two (2) certified human judges and one (1) AI judge. This configuration is designed to provide a definitive third count, ensuring that the final score is derived from the most accurate data available.

    b. WC Preliminary Round Verification to Qualify for Finals - To ensure the integrity of the Top 6 qualifications for the World Championship Finals, a verification process will be applied to the preliminary results of the Senior competition.

        i. Target Group: The top ten (10) preliminary finishers in all Senior speed events will undergo a secondary validation via video replay.

        ii. While IJRU rules currently allow a margin of error of up to three (3) jumps between human judges, the inclusion of AI as a third judge ensures that the final result reflects the most objective count, even when human scores are technically within the permitted margin.

        iii. Qualification: The results of this validation will determine the final ranking of the top six (6) athletes/teams who will advance to the final round.

GENERAL GUIDELINES

MUSIC RIGHTS

1. Music adds energy, atmosphere, and emotion to our sport, but it is also protected by copyright. Obtaining the appropriate music license is not only a legal requirement, it ensures that songwriters, composers, artists, and rights holders are fairly compensated for the use of their work. By licensing music, participants can perform with confidence while supporting the creators behind the music.
2. For the 2027 World Championships, all participants must validate their competition music as part of the IJRU registration process. More information about the process will be provided at the NGB meetings.
3. When two floors are scheduled to compete at the same time, the music tracks will be played at the same time. Speakers will be directed toward the competition floors
4. It will be the athlete's responsibility to pay attention to their own event music or timing track and not become distracted by signals/beeps, or music from another station/event.
5. Music Do's and Don'ts: We must ensure that all music complies with family-friendly standards. Specifically, music must not contain any of the following: ***1) Swearing or offensive language, 2) Violence or graphic content, 3) Drug references or substance abuse, 4) Racism or xenophobia, 5) Misogyny or gender discrimination***
6. Please avoid anything you wouldn't want your child, family, or any viewer to hear. This is about ensuring the content aligns with the values of inclusivity, respect, and responsibility, and reflects the spirit of IJRU and the 2027 competitions.
